

Jeremy Rockliff

Liberal Member for **Braddon**
Premier of **Tasmania**

10 July 2025

Michael Bailey OAM
CEO
Tasmanian Chamber of Commerce and Industry

By Email: michael.bailey@tcci.com.au

Dear Mr Bailey,

The Tasmanian Liberals have focused our campaign on existing budget initiatives or measures that will assist Tasmanians without impacting the Budget.

As requested, I have attached a breakdown of the election commitments made by the Tasmanian Liberal Party to date as part of the campaign, noting that the majority of these commitments are met through existing budget allocations.

Please find a summary of operating and capital commitments below:

	2025-26 (\$'000)	2026-27 (\$'000)	2027-28 (\$'000)	2028-29 (\$'000)	TOTAL
OPEX ANNOUNCEMENTS	\$ 94,308	\$ 39,001	\$ 20,705	\$ 19,749	
LESS OPEX EXISTING	\$ 88,308	\$ 39,001	\$ 20,705	\$ 19,749	
TOTAL OPEX	\$ 6,000	\$ -	\$ -	\$ -	\$ 6,000
CAPEX ANNOUNCEMENTS	-\$ 55,757	\$ 31,950	\$ 66,000	\$ 82,000	
LESS CAPEX EXISTING	\$ 42,743	\$ 31,950	\$ -	\$ -	
TOTAL CAPEX	-\$ 98,500	\$ -	\$ 66,000	\$ 82,000	\$ 49,500

Please note that the summary and breakdown are preliminary and will be updated throughout the final ten days of the campaign. Given this, we will endeavour to provide a final version of our election commitments and costings on 17 July 2025.

As shown in the attachment, the Tasmanian Liberal Party's election commitments are supported by existing budget appropriations that provide the required funding for the commitments, including through:

- specific funding initiatives as per appropriations in previous State Budget Papers;

- the repurposing of existing underspend (i.e., savings) for similar initiatives that can be utilised for the commitment; and
- targeted coordination between capital investment projects to deliver improved project delivery timelines within existing resources.

In addition, expenditure commitments are further supported by the initiatives outlined in the 2025-26 Budget. While the 2025–26 State Budget did not pass Parliament prior to its dissolution, references in the summary to initiatives that are supported by that Budget are included to demonstrate that the Tasmanian Liberal Party's expenditure commitments are underpinned by previously planned funding.

As such, these commitments are expected to be delivered within the existing budget and forward estimates, projections and commitments.

I note that the Tasmanian Labor Party's spending commitment/savings plan has been scrutinised by several media outlets, noting numerous inconsistencies and gross overestimation/understatement of measures. Interestingly, Tasmanian Labor did not submit a policy for costing to Treasury until 4 July 2025.

I also take this opportunity to remind you that Labor forced a no-confidence vote and an early election on Tasmanians, supposedly due to their concerns with the budget.

If the state unfortunately finds itself again in minority government, it is likely that Labor would take the same course of action, threatening more chaos and possibly another election.

To this end, I would respectfully suggest that the TCCI should be encouraging its members to advocate that Tasmanians refrain from voting for independents on Saturday week.

A majority government will give Tasmania the stability it needs to maintain strong business confidence.

Yours sincerely

Jeremy Rockliff MP
Premier

ATTACHMENT A:

<u>Operational Expenditure</u>
Pharmacy Scope of Practice
Subsidy to extend pharmacy opening hours
The Bubble
Mammogram Sites x 4
Tasmanian Breast Care Centre - Operational Expenses
Hydrotherapy Pool + Memorandum of Understanding
Paramedic Practitioners
